```java
 1  public class Methods
 2  {
 3      public static void main(String[] args)
 4      {
 5          int a = 9;
 6          int b = 5;
 7
 8          System.out.println(add(a, b));
 9      }
10
11      public static int add(int a, int b)
12      {
13          return b + a;
14      }
15  }
```
